Subject: CARBON FEED SYSTEM DISCLOSURE

Date: 02/20/90
RECEIVED
PHILIP MORRIS MANAGEMENT CORP.
LAW DEPT-PATENT SECTION

FEB 21 1990

NOTED _____

Enclosed is the Patent disclosure on the new continuous motion Carbon Feed System currently being developed at Jewett Automation. The system described in this disclosure could have applications in other areas of Philip Morris manufacturing as well as the Delta and Sigma projects in feeding any small cylindrical tubes or tobacco, filter components that are normally very difficult to feed conventionally. Please review the enclosed system description and let me know if any additional information is required.
